

Abilities

Spending Build

- Players begin with **10 Body**
- Players begin with **40 Build Points (BP)**
- Gain **4 BP per game** thereafter
- Gain **1 BP** for your birthdays

Ability Costs work on the following schedules:

- **Incremental:** The notation “+(0, 1, 2, or 3)” specifies how much the cost increases for each subsequent purchase; e.g.:
 - **1+1:** Costs 1 for the first purchase, 2 for the second, 3 for the third, etc.
 - **3+2:** Costs 3 for the first purchase, 5 for the second, 7 for the third, etc.
- **Flat:** Every purchase of the Ability is always the same, up to the purchase limit. Note that this still applies to single-purchase Abilities.

Ability Nodes

A Node represents a group of related Abilities tied to a specific theme or family. Unlocking Nodes as you develop your Character allows you to shape and diversify your unique gameplay experience.

- General Nodes cost 0 to unlock
 - Noncombat
 - General Combat
 - Crafting
- First Three Nodes
 - Your first three purchased Nodes (beyond the general ones) cost the standard amount indicated beside the Node
- Subsequent Nodes
 - The fourth and subsequent Nodes double the following costs:
 - Node Cost; for example, a Node that normally costs 3 will cost 6
 - Ability Base Cost; for example, an Ability with a base cost of 1 will now cost 2
 - Cost Increase: Increases per purchase also double (+1 becomes +2, +2 becomes +4).
- Ability Costs marked with an **X** can only be purchased once
- Nodes include the following categories, listed here with their entry prices:

- [General Noncombat](#) (0 Build)
- [General Combat](#) (0 Build)
- [One-handed Melee](#) (3 Build)
- [Two-handed Melee](#) (3 Build)
- [Dual Wielding](#) (3 Build)
- [Shield](#) (3 Build)
- [Unarmed](#) (3 Build)
- [Ranged](#) (3 Build)
- [Death](#) (3 Build)
- [Healing](#) (3 Build)
- [Source Mark](#) (3 Build)
- [Bardic](#) (3 Build)
- [Crafting](#) (0 Build)
- [Ritualist](#) (3 Build)
- [Stealth](#) (3 Build)
- [Surgery](#) (3 Build)

Ability Types

- Some Nodes contain Abilities identified as 0X, which are free upon unlocking the Node; these will be categorized as **Unlocked at Purchase**
- **Foundational** Abilities can be purchased freely within a Node once unlocked and provided the prerequisite Abilities are already known
- **Mastery** Abilities require 3 months from a teacher to learn and have a unique cost structure

Taglines

Taglines are spoken mechanics called when an Effect successfully affects a Target. These Taglines most commonly apply to Damage Effects, but may also be used to flavor non-Damage Effects (e.g., a Wall of Ice might not do Damage but still have the vulnerability to Lightning).

In addition to the Effect Type being Delivered, a Tagline can also include some other basic instructions about the Effects (e.g., “Stomp, take 5 steps back”). Do your best to honor the intent of the Effect unless you use a countering Ability.

Plot will typically inform Players of any specific Taglines for unusual Effects.

Taglines are not the same as an Incantation or RP requirement, which is in-play speech that must be roleplayed to complete an Ability. These are in addition to any Taglined Effects that are required.

Physical Taglines

This includes most Weapons, including Ranged PhysReps (thrown PhysReps like knives or foam boulders or Boomer darts, but not Packet Effects like Potions, Grenades, etc.).

Effects Delivered by a Physical Tagline are nullified by the *Parry* Effect.

Basic Physical Damage

- **Blunt:** Basic armed attacks using Blunt Weapons
- **Sharp/Normal:** Basic armed attacks using Sharp Weapons
- **Claw/Bite:** Basic Unarmed attacks using natural Weapons (Claws/Teeth/etc.)
- **Boomer:** Basic armed attacks using Boomer Weapons

Special Damage

- **Body:** Bypasses all Damage Reduction (DR); blocking still works
- **Massive:** DR still applies, but bypasses Shields and still causes Damage if blocked
- **Pierce:** All Damage dealt ignores Damage Reduction, Shields, and Armor. This attack cannot be countered by *Dodge*, *Parry*, or *Flash*. This must be paired with a Foundational skill.

Special Materials Damage

- **Silvered:** Some creature types take +1 Damage from this
- **Cold Iron:** Fae creatures ignore DR and take double Damage from this Material; this Effect does not apply to Player-Character (PC) Races

Elemental Taglines

In this document, where the name of an Element appears, it might be uppercase or lowercase. This is intentional, as Elemental Effects are considered a greater, purer form of the Element than its naturally occurring, mundane state. For example, “fire” refers to the fire of a mundane torch, but ‘Fire’ indicates Elemental flames from a Source Mark or other Elemental origin.

Effects Delivered by an Elemental Tagline are nullified by the *Flash* Effect.

- **Acid:** Deals double Damage to Earth creatures
- **Earth:** Deals double Damage to Wind creatures
- **Fire:** Deals double Damage to Ice creatures
- **Ice:** Deals double Damage to Acidic creatures
- **Lightning:** Deals double Damage to Water creatures
- **Water:** Deals double Damage to Fire creatures
- **Air:** Deals double Damage to Lightning creatures

Magical Taglines

When a Character is particularly attuned to other-planar energies or knows one of the Magical Languages, they can use those energies to change the Tagline for the Delivered Effects.

Effects Delivered by a Magical Tagline are nullified by the *Flash* Effect.

- **Dark:** Deals double Damage to Light beings or Poltergeists
- **Infernal:** Deals double Damage to Demons
- **Light:** Deals double Damage to Dark creatures or Undead
- **Arcane:** Deals double Damage to Elementals
- **Void:** Deals double Damage to Corrupted Beasts

Roleplaying an Ability (RP)

Some Abilities require the acting Character to perform the actions of the Effect for a specific Duration before the Effect occurs. This is referred to as roleplaying (RPing) the Ability. Some Abilities give this as an option that does not burn a use, allowing Characters to save the Instant, more immediate uses for later; or to still deliver the Ability's Effect despite having burned all the Instant uses. RPing an Ability takes many forms and is unique to the Character performing the Ability. Feel free to add your own flair.

Anatomy of an Ability

The following format is used to display Abilities in this document.

Ability	Base Effects	Cost	Description
Ability Name*	Tagline: "Say Stuff" OR RP Duration Delivery Method(s) Acceptable Targets Timing Unlimited Uses (if applicable)	As defined in Spending Build .	A write-up of Effects and Modifiers that determine the usage and outcome of the Ability, followed by a list of Common Effects: <ul style="list-style-type: none">- Effect 1- Effect 2 <p>*You must know [Required Ability] to learn this Ability.</p>

- **Ability:** The Ability's name. 😊 A red asterisk (*) indicates the Character must know one or more other Abilities before qualifying to purchase this Ability. All Abilities that are not the base of the node are considered to require the base of the node to be learned.
- **Base Effects:** Core Effects shared by most Abilities; these govern where the rubber meets the road with regard to using Abilities
 - **Tagline:** Words that must be spoken aloud to simulate the Ability's Effects. More often than not, these are not in-play incantations, but are an out-of-play function of the game. Taglines are not heard by the Characters, but only serve to aid in safe interaction. See [Taglines](#) for some examples of common Taglines.
 - **RP:** If a roleplaying component exists for this Ability, it will appear here
 - **Delivery:** A scale of how far away from your Character can you affect a Target
 - **Self:** Only affects yourself and does not Target other people
 - **Touch:** Requires physical contact to be successful. To respect personal space, ask the Target if they invite physical interaction; if they are not comfortable being touched, stop a few inches away from them and consider that a successful Delivery.
 - **Melee:** Uses a hand-held Weapon; includes Natural Weapons and Unarmed Combat
 - **Ranged:** Thrown PhysRep packets or Boomer darts
 - **Packet:** A packet simulating the use of a [Source Mark](#) or other Eldritch energies.

- **Line of Sight (LoS):** If you are in line of sight to the Target, get their attention and call the Effect
 - **Voice:** One or more specific Targets are addressed to deliver the Effect verbally.
 - **Voice AoE (a.k.a. By the Sound of My Voice):** Anyone who hears this takes the Effect. Deaf Characters are unaffected by Abilities using Voice Delivery.
 - **Any DDM:** Any of the above Delivery Methods is acceptable
 - Target(s): Acceptable Targets include:
 - **Persons:** (N)PCs and Monsters. And Gary. Seek out and Target Gary.
 - **Items:** The specified Item must be struck to deliver the Ability's Effects
 - **Limbs:** The limb of the opponent must be specifically struck to deliver the Ability's Effects
 - **Strikes:** Typically involves interfering with a strike in progress
 - **Timing:** Delays, Duration, Focus, and Permanence. Some Abilities have more than one Timing stipulation.
 - **Focused Action:** No other actions may be taken, nor Abilities used, while using this Ability; often paired with a Duration
 - **Delayed Effect:** The Effect does not occur until a specified length of time has passed (e.g., a time bomb)
 - **Instant:** Occurs as soon as the Effect is called and may leave lasting changes (e.g., Damage or *Sunder*)
 - **Duration:** The Effect lasts for a specified amount of time (e.g., *Disarm* lasts 5s)
 - **Contingent:** Until a specified event (e.g., until the next Recovery)
 - **Constant/Continuous:** The Effect remains until the Target drops to 0 Body and starts Bleeding Out
 - **Persistent:** The Effect remains while Bleeding Out or Dead, but stops upon Dissipation (e.g., *Fear*)
 - **Permanent:** The Effect remains after Resurrection (e.g., DR)
 - **Unlimited Uses:** This can represent several different conditions for using the Ability. Other limitations may still apply, such as RP Requirements or Timing, and so on.
 - Knowledges (Use Shield, Crafting, Tutor)
 - Always on (e.g., Natural DR; +1 Damage)
 - Abilities that have an inherent RP activation in addition to any Instant uses (*Heal X*)
- **Cost:** As defined in [Spending Build](#). With the exception of *Unlimited Use* Abilities, purchase limits will be provided in the Description for Flat Cost Abilities.
- **Description:** A short guide on how to use the Ability, any unusual Effects it may create, Modifiers that might apply to its use, and RP suggestions, if applicable. Any Effects above and beyond the Base Effects are described here. If a prerequisite Ability must be learned before purchasing this Ability, that dependency will be shown in bold red on Abilities marked with a red asterisk (*).

General Noncombat (0 Build)

One-handed Melee (3 Build)

Allows the Character to fight using One-handed Weapons and to purchase the Abilities in the tree below.

All listed Abilities only function while using a One-handed Weapon.

Base 2 Damage.

Ability	Prereq	Cost	Description
Foundational			
One-handed Weapon Damage	Tagline: NA (except increasing the affected Damage call) Self/Melee Permanent/Unlimited Uses	10+1	+1 Damage with One-handed Weapons per purchase.
Outmaneuver	Tagline: NA (except increasing the affected Damage call) Self/Melee Permanent/Unlimited Uses	8+1	+1 Damage from behind per level with One-handed Weapons.
Bind	Tagline: "Bind [Arms Legs]" Melee (One-handed) Targets a Person Duration of 10s	1+1	Target the Arms or Legs to render both of the stated type of Limb unusable.
Disable Limb	Tagline: "Disable [Arm Leg]" Melee (One-handed) Targets a Person Instant	4+1	Strike a Limb, rendering it unusable until <i>Repair Limb</i> is used on it.
Intercept	Tagline: "Intercept" Melee Targets a Strike Instant	2+1	Redirect an attack from an ally to yourself. This attack may be defended separately. Sever Limb*	Tagline: "Sever [Arm Leg]" Melee (Two-handed) Targets a Limb Instant	8+2	Completely remove the Targeted Arm or Leg, instead of just Disabling it. This lasts until a Surgeon reattaches it using <i>Repair Limb</i> , or you Resurrect. *You must know <i>Disable Limb</i> to learn this Ability.

Ability	Base Effects	Cost	Description
Cleaving Swing*	Tagline: "Cleave X Massive" Melee (Two-handed) AoE Radius Instant	8+2	Spin 360° in place, striking every possible target along the way—friend or foe, use one of your Abilities on all affected Targets. This spends 1 use of the selected Ability and 1 use of this <i>Cleaving Swing</i> . You cannot choose specific Targets and may hit both foes and allies. This Effect cannot be combined with Mastery Abilities. *You must know <i>Massive</i> to learn this Ability.

Dual Wielding (3)

Wield two One-handed Weapons simultaneously and gain access to the Dual-Wielding Ability Node. This Node is independent of the One-handed Ability Node, meaning you do not need to unlock One-handed Abilities to access it, and the Abilities from the two Nodes do not stack. All Abilities in the *Dual Wielding* Node require both Weapons to be intact; if one Weapon is Broken or lost, you lose access to these Abilities but can continue using the remaining Weapons, dealing only base Damage without additional Effects. These Abilities can be restored by either Repairing the Broken Weapons using the *Field Repair* mechanic or obtaining a replacement Weapon through the *Search the Field* mechanic.

The initial purchase of Dual Wielding grants the Ability *Skirmisher*.

All listed Abilities only function while using two Weapons.

Base 2 Damage.

Ability	Base Effects	Cost	Description
Skirmisher*	Tagline: "Dodge" Self Instant/ Unlimited Uses	0X	When wielding two One-handed Weapons, expend 3 uses of <i>Parry</i> to gain and Instantly use a <i>Dodge</i> . *You must know <i>Parry</i> to learn this Ability.

Ability	Base Effects	Cost	Description
Fear	Tagline: "Fear" Melee Targets a Person Duration of 60s	3+1	When you make a Melee strike, the Target cannot attack you and they must make a safe effort to leave Line of Sight for up to 60s. This Effect ends if any of the following conditions are met: <ul style="list-style-type: none"> • If you are reduced to 0 Body • Target is Cleansed • Target Resurrects • Target takes a Recovery This Effect may be <i>Flashed</i> or <i>Cleansed</i> by the Target.
Intercept*	Tagline: "Intercept" Melee Targets a Strike Instant	2+1	Redirect an attack from an ally to yourself. This attack may be defended separately. You must be within Weapons' reach of either the attacker or the Target. You may not redirect from someone that used an <i>Intercept</i> to redirect the attack to them.
Parry*	Tagline: "Parry" Melee Targets a Strike Instant	1+1	Negate any physical Melee attack or Ability that strikes you while <i>Dual Wielding</i> Weapons. This does not include Mastery Abilities.
Mastery			
Battle Buddies*	Tagline: NA Melee (Dual Wielding) Targets Multiple Persons Contingent/ Unlimited Uses	8+2	Increase the number of battle buddies you can have active in <i>Flanking</i> by +1 while <i>Dual Wielding</i> . This does not affect <i>Flanking's</i> +1 modifier. *You must know <i>Flanking</i> to learn this Ability.

Ability	Base Effects	Cost	Description
Battle Tactics*	Tagline: NA (except increasing the affected Damage call) Self/Melee Permanent/ Unlimited Uses	8+2	You increase the Damage of <i>Flanking</i> by +1 with both Dual Wielded Weapons. *You must know <i>Flanking</i> to learn this Ability.
Dervish*	Tagline: “Flurry Ability Ability Ability Ability” Melee (Dual Wielding) Targets one or more Persons or Items Instant/ Unlimited Uses	5X	Use one Ability four times in a row while activating <i>Flurry</i> (burning 1 use each of the Ability and <i>Flurry</i>). This cannot be paired with Mastery Abilities *You must know <i>Flurry</i> to learn this Ability.
Deflect*	Tagline: “Parry” Melee (Dual Wielding) Target’s a Ranged Strike Instant/ Unlimited Uses	5X	Use your <i>Parry</i> Abilities against Ranged physical attacks as well. *You must know <i>Parry</i> to learn this Ability.
Flanking	Tagline: NA (except increasing the affected Damage call) Self/Melee Contingent/ Unlimited Uses	5X	Designate one ally as your “battle buddy” until you take a Recovery. While your battle buddy is attacking a Target, you deal +1 Damage with One-handed Melee Weapons against that Target.

Shield (3 Build)

This Ability allows the Character to use a Shield and purchase Abilities within the associated tree. The Shield can block Melee, Boomer, and Packet Damage; however, other packet-delivered Abilities and Effects are not blocked by the Shield unless explicitly stated otherwise. If your Shield is Sundered, you lose access to the Abilities granted by this Node. This can be quickly resolved by either repairing the Shield using the Field Repair Ability or obtaining a replacement Shield through the Search the Field Ability.

All listed Abilities only function while using a Shield.

Ability	Base Effects	Cost	Description
Foundational			
Armored Damage Reduction	Tagline: NA (except decrementing Damage sustained in combat) Self/Melee Permanent/ Unlimited Uses	5X	Increase your DR cap by +1 when carrying a shield. This may not exceed the game's existing limit of 10 DR.
Intercept*	Tagline: "Intercept" Melee (One-handed) Targets a Strike Instant	2+1	Redirect an attack from an ally to yourself. This attack may be defended separately. You must be within Melee Range of either the attacker or the Target. Surgery (3 Build)

This skill grants the character advanced RP Healing and Surgical Abilities, including the capability to perform Field Surgery. Field Surgery is a Focused Action, meaning you cannot participate in active combat or be engaged by enemies while performing it. All Surgery Abilities must be performed on a Surgical Sheet using a Field Surgery Bag.

To identify yourself as a Field Surgeon you must have a **Field Surgery Bag** and a **Surgical Sheet**.

1. **Field Surgery Bag:** You must carry a clearly marked Field Surgery Bag with a prominent green cross (minimum size of 4×4 inches), ensuring it is distinguishable from other bags. The contents of your bag should represent typical surgical or First Aid tools. All props must be safe for LARP use. Creativity in assembling your tools is encouraged for immersion (e.g., bandages, fake blood, candy pills, faux needles, etc.).
2. **Surgical Sheet:** You must use a large white or light-colored sheet to represent your surgical area.

The initial purchase of Surgery grants the Abilities Field Surgery and Triage.
